[Company Acquisition: RightSize Acquired by Swizznet](#)

November 9, 2020

Chesterfield, Mo.-headquartered Swizznet, a cloud-based software provider specializing in serving accounting firms, announced on Friday that it is purchasing outsourced RIA cloud service-provider RightSize Solutions, based in Lenexa, Kansas. Swizznet said that it hopes the transaction will help it expand its cybersecurity, compliance and managed technology offerings to the greater financial services industry, according to a company press release.
