

# **RightSize Solutions recognized in the 2020 T3 / Inside Information Software Survey**

March 2, 2020

RightSize Solutions is honored to be recognized as market leader in the Cloud Hosting Resources category in the Annual T3 Technology Tools for Today / Inside Information Financial Advisor Software Survey. In the largest survey of its type in the industry, it shed new light on the market share of most software applications and service providers used by financial advisors as well as their satisfaction with these products. The survey instrument collected data from advisory firms, anonymously, through the months of October, November and parts of December 2019.
