

RSS Cyber-Chat Webinar: 2022 RIA Cybersecurity Compliance

February 28, 2022

Join the RSS team and their special guest, Ivan Barretto, Founder of RIA Compliance Concepts, for an important discussion regarding new developments for RIAs and cybersecurity compliance.

We will explore:

1. Important compliance and business continuity practices for 2022
2. New cybersecurity tools and protocols
3. Proposed new government incident reporting requirements

With the SEC planning new cybersecurity rules for advisors, this is a not-to-miss webinar!

Wes Stillman will be joined by Ivan Barretto, Founder and Managing Director of RIA Compliance Concepts, and Jeremy Hamblin, VP of Business Development at RightSize Solutions.
