Swizznet Named the Exclusive U.S.-Based Provider for GoldMine

August 31, 2021

Swizznet is excited to announce it is adding GoldMine to its portfolio of innovative solutions that help businesses grow. Swizznet has been named the exclusive Managed Services Provider (MSP) in the United States for GoldMine's Customer Relationship Management (CRM) system and product offerings.

GoldMine's award-winning, licensed-based CRM solutions are designed to boost productivity, enhance customer service, and increase sales and revenue. The company delivers its services directly to end-users and through a robust global network of partners.

As a GoldMine MSP, Swizznet clients can now securely access GoldMine, the company's scalable cloud-based CRM solution, without needing additional on-premises infrastructure or resources. GoldMine is the newest addition to Swizznet's robust suite of cloud-hosted solutions, which include accounting software and application hosting, IT services management, and cybersecurity protection.

"We're excited that we can now offer access to GoldMine's cloud-based CRM solution to growing businesses in the United States," said Bob Hollander, Swizznet President and CEO. "It's our mission to offer the most secure access to industry-leading tools and applications – from GoldMine and others – to help our clients grow through increased productivity and scalable technology solutions."

"We are thrilled about our new MSP partnership with Swizznet, a well-established leader in delivering enterprise-level Desktop as a Service solutions," said Paul Petersen, GoldMine Vice President and General Manager. "With Swizznet, GoldMine customers have more options for accessing our time-tested and industry-leading CRM solution for growing businesses."

Swizznet offers hosting solutions that empower businesses to free themselves from in-house infrastructure and IT so that they can connect and collaborate from any computer or device. The company is a Sage partner cloud program member, Intuit-authorized Commercial Hosting provider, and a Microsoft cloud solution provider. Swizznet offers an on-demand marketplace, using the latest cloud computing technology and tools to provide a superior

user experience and deliver the fastest, most secure, and reliable cloud access to Sage and QuickBooks desktop applications. The company is committed to providing clients with 100% US-based, 24/7/365 Obsessive Support® and service for the ultimate cloud accounting solution.
